NEW: custo clean

Hygienic and safe – the disposable bags for your custo med devices

Hygiene for medical staff and patients as well as device protection against contamination and humidity have already become more important in the past years. Due to the current situation, the focus is particularly on this subject now. Our product line „custo clean“ consists of disposable bags for your custo med devices in order to optimise hygiene. Thanks to the internal adhesive closure, the devices are nearly completely surrounded and there is a threefold protection: protection for you, protection for your patient and protection for your devices.

Our benefits:

- *Protects patients and medical staff*
- *Extends lifetime of the devices*
- *Easy to handle*
- *Time-saving preparation of devices*
- *100 % recyclable*

Innovative system solutions for your diagnostics

Since 1982, our brand has been representing innovative system solutions in cardiopulmonary diagnostics. In cooperation with committed and competent sales and service partners, we offer professional solutions taking account of your individual organisational circumstances and IT structures. No matter if your installation is based on a stationary or mobile system, a single-user workstation or multi-site network solution, in a doctor's office or in a hospital – your modular custo med system will be a profitable investment for the future.

Our modular platform custo diagnostic is the intelligent link between clinical engineering and administrative software.
